**Paul Mitcheal Moore**

has successfully completed the online, non-credit Specialization

## CompTIA Network+ (N10-008)

Congratulations on completing the CompTIA Network+ (N10-008) course! This program has equipped you with a robust understanding of networking fundamentals, including OSI and TCP/IP models, IP addressing, and Ethernet standards. You have gained practical skills in routing, switching, wireless networking, and troubleshooting, as well as a deep understanding of network security techniques, cryptography, and cloud networking concepts. These competencies position you as a valuable IT professional ready to tackle real-world networking challenges and excel in the field.
